**real stories from the weird world of work**

It's been a week. Grab your coffee, hit play, and laugh at someone else's work chaos for once.

## **The unofficial coffee break for your team**

- Pick an episode
- Grab coffee (and maybe some doughnuts)
- Hit play as a group (in person or over Zoom).
- Laugh and relate to the quirks of work life

### **coffee chat**

Which story made you laugh the hardest?

Which story was the most shocking?

If one of these stories was an episode of The Office, what would Michael Scott do in that situation?
